

2024 WORKPLACE SKILLS PLAN (WSP) AND ANNUAL TRAINING REPORT (ATR) SUBMISSION DUE END APRIL!

COMPLIANCE

Knowledge Mining Academy will serve as your designated Skills Development Facilitator (SDF) registered with the Sector Education and Training Authorities (SETA).

Our dedication lies in supporting organizations to fulfill their responsibilities in accordance with the mandates outlined in the Skills Development Act.

As per the statutory requirements, registered employers with an annual payroll exceeding R500,000 are mandated to pay skills development levies and submit Workplace Skills Plans (WSP) and Annual Training Reports (ATR) annually to the relevant SETA by the deadline of 30 April each year.

Importance of WSP and ATR Submissions:

Compliance with submission requirements not only facilitates effective planning for skills development but also contributes significantly to organizations' attainment of Broad-Based Black Economic Empowerment (B-BBEE) points for the skills development priority element.

Additionally, submissions of WSP & ATR offer organizations the opportunity to recoup a significant portion—up to 69.5%—of their Skills Development Levy (SDL) expenditure through both mandatory and discretionary grants.

LET US HELP
WITH YOUR
COMPLIANCE
NEEDS.
